

Commit 31:28

The screenshot displays the Visual Studio Code interface with a Django project named 'studybud'. The Explorer sidebar on the left shows the project structure, including a 'studybud' directory with files like 'settings.py', 'urls.py', 'wsgi.py', and 'manage.py'. The main editor window shows the 'settings.py' file with the following content:

```
31 # Application definition
32
33 INSTALLED_APPS = [
34     'django.contrib.admin',
35     'django.contrib.auth',
36     'django.contrib.contenttypes',
37     'django.contrib.sessions',
38     'django.contrib.messages',
39     'django.contrib.staticfiles',
40
41     'base.apps.BaseConfig',
42 ]
43
44 MIDDLEWARE = [
45     'django.middleware.security.SecurityMiddleware',
46     'django.contrib.sessions.middleware.SessionMiddleware',
47     'django.middleware.common.CommonMiddleware',
```

The terminal at the bottom shows the following commands and output:

```
(env) PS C:\Users\Dennis Ivy\Desktop\studybud> python manage.py startapp base
(env) PS C:\Users\Dennis Ivy\Desktop\studybud>
```

A circular video feed of a person is visible in the bottom right corner of the editor window.
