

Commit 2:22:27

The screenshot shows a web browser window with the following elements:

- Browser Tabs:** StudyBud, Select room to change | Django, Feed/Home - StudyBuddy.
- Address Bar:** 127.0.0.1:8000
- Page Content:**
  - A large purple **LOGO** at the top left.
  - A search bar labeled "Search Rooms..." below the logo.
  - A section titled **Browse Topics** with a sub-header "3 rooms available".
  - Under "Browse Topics", there are links: [All](#), [Python](#), [Django](#), [Web Development](#), and [JavaScript](#).
  - To the right of these links, there are actions: [Create Room](#), [Edit](#), [Delete](#), and [@tim](#).
  - Below these, there is a room entry: "3 -- [I wanna learn HTML](#)".
  - Further down, there is another room entry: "Web Development".
  - At the bottom of the room entry, there are actions: [Edit](#), [Delete](#), and [@dennis](#).

At the bottom of the browser window, there is a video player interface:

- A progress bar with a red playhead.
- Video controls: play/pause, volume, full screen, and other standard icons.
- Video title: "1 -- Lets learn JavaScripts".
- Video player thumbnail: A circular video feed showing a man with dark hair and a beard, wearing a black shirt, looking towards the camera.
